State Finals To Be Telecast

Chicago

SportsChannel Chicago will telecast 21 Illinois High School Association athletic state finals during the 1991-92 school year.

For the fifth straight year, the Chicago-based cable television system will bring the emotion and competition of IHSA boys and girls sports to its more than 1.6 million subscribers in Illinois and surrounding states. Times for the telecasts in the fall events have been scheduled, while times of the telecasts for the winter and spring events are to be announced. As it did last school year, SportsChannel Chicago will air many of the shows more than once.

All the state final telecasts except the football playoff title games will be tape delayed. Telecasts will include highlights of the finals competition in the individual sports and championship games/matches in the team sports.

All air times are subject to change. Fans should consult their local cable listings to make sure they do not miss the state finals they want to see.

Week.**

IHSA Sports Report with Art Kimball is a three-times-weekly radio show carried by nearly 80 radio

stations throughout Illinois and surrounding states. It is the nation's original series of radio sports shows sponsored by a state high school association.

Veteran broadcaster Art Kimball of Normal produces each of the three 5½-minute shows. Each show covers a different set of subjects. All are produced new every week. The syndicated series is aired by network stations from September until the week following the annual boys baseball and girls softball tournaments in June. Content of each show will vary as the school year progresses, but the format will be to provide interviews with coaches and students who achieve in the state's interscholastic sports, discussions of current events and issues facing the member schools of IHSA, and reports of how the IHSA functions statewide.

During the 1990-91 school year, a total of 82 shows were produced. There were 537 different segments included in the programming, featuring 245 of the IHSA member schools and 396 different interviews. In addition, there were 75 public service segments highlighting areas such as sportsmanship, the national Dreamers and Doers program, National High School Activities Week, officiating, school booster club contributions on the local level and the role of interscholastic athletics in the secondary school curriculum.
