Outlook: Not a good amount of movement this week after some telling meets from a few teams. Fenwick remains the #1 team as they flexed their power at the Palatine Invite beating a few ranked 3A teams in the process. Morton is improving with every outing, they will have their opportunity to regain their #1 team status as the face Fenwick this weekend at the Peoria Invite. Kaneland had a huge win over Belvidere North this past week, but BN was not at full strength without top runner Evan Horgan. However Kaneland does move up a few spots into #5. Wheaton St. Francis had a great showing in Elgin as their pack moved up and looked like the team a lot of people expected them to look like this season. Cary-Grove takes a massive leap into the rankings at #15 after weeks of almost being ranked. Normal West rejoins the rankings after rolling out their full squad for the first time this season besides top runner Luke Reinhart. Washington also had a great week as they entered the rankings as well. Any questions or concerns send an email to carson.milesplit@gmail.com
