Ramsey, New Jersey

My dear Miss Goetschius:

The necessity for early shipping reservations makes the plan of further try-out meets impossible. However, consideration will be given to any exceptional records made between now and July 15th and at least, two places will be held open for this reason. Please notify me at once if any of your girls surpassed the eastern try-out records and I will instruct you how to proceed further.

We are enclosing a Constitution which you should sign and return, placing yourself on the Executive Committee of the Association.

Very sincerely yours,

Harry E. Stewart
